

## Frequently Asked Questions

- **I'm interested in moving forward with Stitely. What's the next step?**

That's great; we look forward to speaking with you! You can contact us via phone at (847) 866-8002 or via the \*contact form on this website. We are excited to work with you to create a great party!

- **Do you also have DJ's?**

We have a team of excellent DJs who are known throughout Chicago for their talent and professionalism. They will work with you to create an event that will reflect your style and musical tastes.

- **When I choose Stitely for my event, what is the planning process like?**

We will personally work with you to develop your timeline and to ensure that you get the songs & styles you like at your party. We give you access to our online planning system that allows you to choose the songs you want and don't want to hear. Our Event Planning Department will help you create & tweak a timeline for your event that includes introductions, toasts, special dances or any other important moments. After you approve your timeline & requests we send out the final details to your other vendors. A week before your event we talk through the final details, ensuring that all elements will run smoothly for your day.

- **Will you learn new songs that are not already a part of your song lists?**

Yes – We will learn 3 new songs for you at no extra charge. Requests from the bands' song lists are unlimited.

- **What are your price packages like?**

Our prices vary based on several factors such as the band you choose, number of musicians, location and the event's timeframe. Call 847-866-8002 for a personalized quote that matches your specific needs.

- **How far can your band travel for an event?**

We mainly play throughout the Midwest but are willing and able to travel. A travel fee will apply to locations outside of the Chicagoland area.

- **Do you provide your own sound equipment?**

Yes, we provide our own sound equipment and expert sound engineer.

- **How do you handle music during the band breaks?**

We invite you to program music on your personal iPod so you can choose exactly what you want to hear during breaks. Or, our sound engineer can play music that matches the style of your event. Either way, the music will be played through our high-quality sound system.

- **Can you provide continuous live music?**

Absolutely. This is a great option to keep the party's momentum going from beginning to end.

- **Do you provide band and DJ combinations?**

Yes. Though all of our bands play contemporary music, this is a great way to get the latest pop, hip-hop, and rap hits for an extended period of time in addition to the power and excitement of a live band. Our DJs can perform during the breaks and after the party.

- **What other vendors do you recommend?**

We work with tons of great vendors, too numerous to list. Once we meet with you we can personally recommend vendors based on your specific style and needs.
